

**AMENDMENTS TO THE FIGURES**

The following corrections to the drawings have been made. Red-lined versions of the drawings and replacement pages are included herewith. As this submittal is made by facsimile, formal drawings will be provided at a later time. Applicant respectfully requests acceptance of the amended drawings.

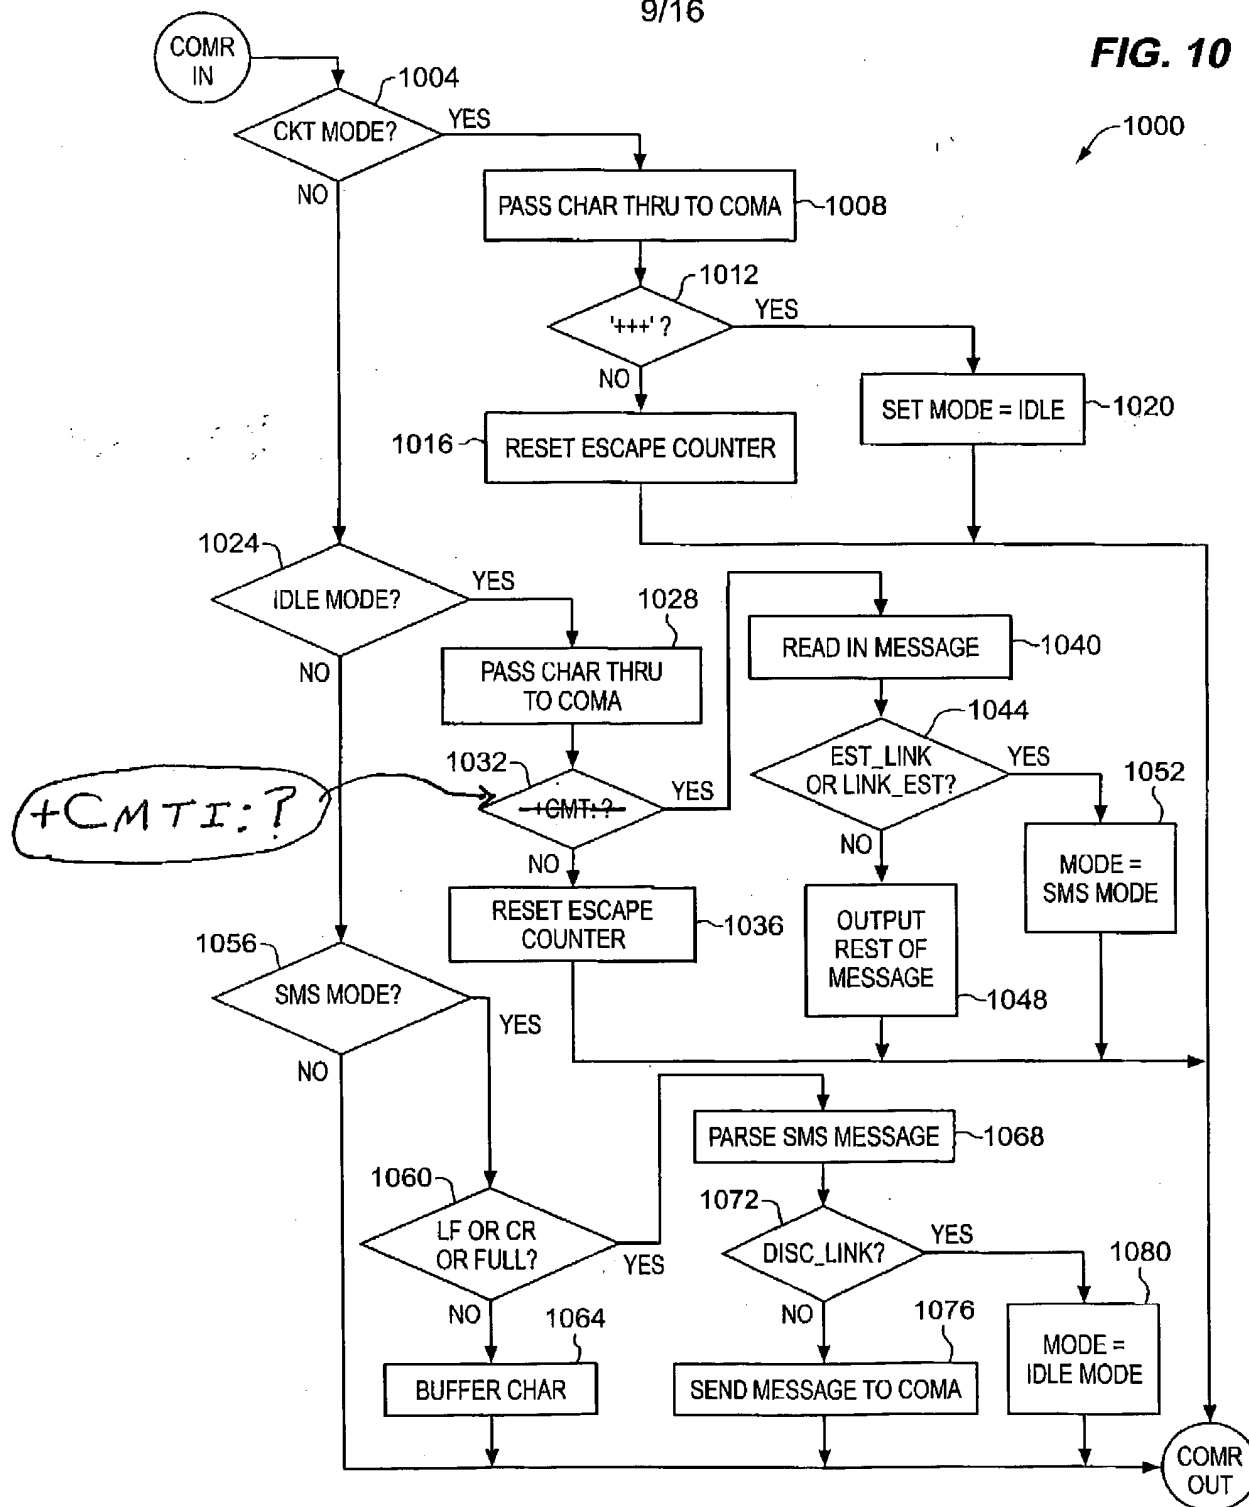

**Figure 10** -- The link sequence "+CMT:" (element 1032) has been corrected to read "+CMTI:".

**Figure 15** -- The designation for the SM layer (element 1552) has been corrected to read "SM" instead of "GSMS".
